Dear Common Change

Common Change was intriguing to us because it was the first time we saw limitless possibilities for change in the world without the hindrance of money. We had a paradigm shift when money lost its power to generate a fear of scarcity and the lens through which we saw struggle and pain revealed opportunity and hope.

We discovered Common Change in 2006 just as we were departing on a 6 year journey of living in Egypt and Syria. Our involvement with Common Change while living abroad truly gave us the opportunity to impact people's lives in a way we could not have done on our own.

After experiencing 10 years of collaborative giving, we are discovering generosity to be one of our core values, and generosity within community to be such an incredible gift.

We are grateful to have been a part of touching hundreds of lives around the world in such an incredible way.

Sincerely yours,

Ben and Amber Younan
